President's Report

Well, everybody, I have some great news to share.

We will be holding the heritage show on the first weekend of February next year at our club grounds. We will have more control over the event and hope to do well. We are also looking for a new name for the event with the word Darnum in it, possibly the Darnum Heritage Display.

Holding the event at Lardner Park the last few years has enabled us to improve our shed and area. The money raised has enabled us to start work on our new toilet block at the back of the shed. After discussions at the meeting, it has been decided we will have separate male and female toilets, with two male, two female, a disabled and a shower. Quite an improvement on what we have at present.

We have also been the beneficiary of some local contractors with quite a bit of soil and fill put around the grounds. We hope to spread it out and get rid of some of the low spots.

All in all a very positive start to the year.
