CLUB NEWSFLASH

- The Sunday 1st December Breakfast Run will be our last club run until the start of the new year. We have found in previous years that members are very busy with family commitments and Xmas preparation in the month of December... therefore attendance is usually very low for the GM and club runs. So this year we will trail cancelling the last three weeks of December runs instead of the first three January ones. Most members are busy over the Xmas leadup and happy to participate in events after the Xmas and New Year rush. Previously we commenced at the end of January, but next year our 1st club event for the year will be the 1st Sunday breakfast run on 5th January. We asked for feedback from members at the September GM, and all voted yes to this proposal.
- Please remember Noelene needs payment for Xmas lunch by 17th November. No booking can be made after this date.
- Committee are asking for members that would like to contribute to their club by offering to take up any of the Committee positions. We have a number of Committee members that would like to stand down or take on less work than they are currently contributing. Please let anyone on committee know of you are interested ... and we will rope you in!!!

RED HILL CHERRY FARM RUN

We were all looking forward to our visit to Tess's for the Sunday run. The cherry farm is a popular destination we enjoy every year, exploring the gardens, orchard and Tess's prized vegetable plot. The scenic drive is always pleasant with the wineries and beautiful gum trees lining the roads.

We had been hoping for a change in the weather and a nice sunny day, but Sunday morning it was not looking good. I thought "It wasn't supposed to rain till well after lunch", but it started to pour with rain when we left home. Ahhh Melbourne weather!

I have had the MPHVC BBQ stored at my place for the past few months, and we had decided to take it to Tess's for storage and to get use out of it on future runs to the property...I thought .. "why not drop off the club BBQ at the same time". My son, David, helped me load it onto the trailer the night before, and the old girl towed the trailer brilliantly . On arrival at the cherry farm, Tess had

cleared out the shed so I could back the car and trailer under cover, followed by the next six cars to arrive, the rest were in the rain! Pays to get there early! The cherry packing area is a huge shed with plenty of room for us all to gather, be it on hot sunny days or days like today where we were all just happy to be out of the wind and rain.

The two oldest cars were Eddie's 36 Dodge and my 37 Pontiac. Someone got lost and ran out of petrol, but luckily, he had a can of fuel with him. He still arrived in good time. There were about 18 members with a couple of

late apologies. We had planned to have a Trivia quiz on the day but unfortunately Chris & Noelene were absent and not able to bring the quiz questions. We will have this at a later Club run. We all sat around with plenty of discussions taking place. Tess had arranged tables and chairs and plenty of home cooked cakes. This array was added to by some of our best bakers..... We certainly – thank you.

Tess had arranged tables and chairs and plenty of home cooked cakes. This array was added to by some of our best bakers..... We certainly – thank you.

WE ALL REMEMBER OUR 1ST CAR! THE EXCITEMENT AND THRILL OF THOSE FIRST TRIPS TO PICK UP YOUR FRIENDS !

Here is my story on my First Car: A 1957 Holden FE sedan, which I still own since 1968.

Part 2.. Continued from last months Sidelights. GUESS WHO??

Dad and I fitted a "Smiths" fan boosted heater which was equal today to getting a car with ABS or Cruise control ! Heaters, Mirrors, Automatic Transmissions and Radios were NOT standard, but an expensive optional extra. At 18 and engaged in my Engineering Apprenticeship, at \$16 per week wages, I sought to buy the ORIGINAL RADIO and Surrounds, from various wreckers with no acceptable results.

This forced me to approach HMV (His Masters Voice), in Richmond, amid great guffaws of laughter from all shop staff, that I should think that in 1973 I would still find an original Factory approved radio & KIT exclusive to FE/FC, some 16 years after introduction! Not one to ever give in without trying harder, I asked to see the Manager. The staff asked me to return the next day as he wouldn't be in till then. Sure thing, next day, he was there, happy to see me. He agreed with his staff re availability of my requests, as their yearly stocktake cleared all slow moving or dead stock, some time ago. I forgot what I said to him to make him re-consider, but he said there was a slim chance that a thorough cleanout job was not done, and he may find something "close enough", and to check with him after the weekend 4 days away.

Over the weekend, I was seeing all sorts of options he may present me that would be most unsuitable !!!!!

So Monday after work, I roll up to the HMV Building and asked again for the Manager. Out he came, with a big grin on his face! In his hand he had a box marked "HMV PUSH BUTTON AM RECEIVER KIT FOR FE/FC". Not to put too fine a point, let's just say I was totally flabbergasted !

Even he couldn't believe it ! I still can't believe it decades later. Million to one chance. Apparently it was the only pile left behind of 16 yo dust&dirt that had anything of value hermetically sealed within ! Yes, I bought a few Tatts tickets, but all my luck went to that HMV Radio ! He took pity on me and declared he couldn't charge me for anything written-off ! Next day I dropped him in a "slab" which he duly passed on to the gobsmacked staff, who were then happy as a normal dog! (Lol) Even they couldn't believe the whole saga that unfolded! My Family couldn't believe it ! They were so happy for me, for the whole car; not just the radio.

What's even more unbelievable, is this very car is still in my garage in very good condition some 56 years later ! Shortly after the paint job years earlier, I purchased 4 off 7" ROH Rims straight from ROH at one of their outlets in Keys Road Moorabbin, and went to the Cheltenham Tyre Service and had the latest Radials fitted called Goodyear Grand Rally. All same 8 Rims and Tyres are still on the car today. I've had it off the road for longer than I care to admit, waiting for time to renew the entire braking system and Clutch Hydraulics.

Hopefully, it won't be much longer before I have it back on the road.

Bernie.

FRANKSTON ALLURE MARKET DISPLAY

MPHVC were recently invited by a local event organization to display cars at the first of the new Allure markets. Allure has been developed to be a boutique style travelling market that will be held at Frankston, Mordialloc & Sandringham. Instead of a regular monthly market, it will be held on only a few dates in each spot to entice visitors to the pop up event.

Allure will consist of quality market stalls, food trucks, family entertainment, music and the new addition of "fossick pods". (Fossick pods are a

marquee with four trestles that can be hired for sellers of "vintage, retro, pre loved and collectibles").

To kick off the 24/25 season, Allure was held at these stunning locations by the Bay:

- **Sandringham** – Sandringham foreshore.
- **Frankston** - Frankston Waterfront.
- **Mordialloc** – Peter Scullin Reserve.

Friday 27th September was the first time the event was held at the Frankston foreshore, and 11 MPHVC members volunteered to display their vehicles. The market started at 4pm and closed at 8pm, but many markets were up and running by 2.30pm when members started to arrive.

The parking area was a grass lawn adjacent to Kannanook creek! ... Perfect spot to set up the deck-chairs and watch the activities, crowds of people admiring the cars and the beautiful sunset. We were blessed with a warm sunny day, although the significant drop in temperature around 4pm saw a few people sneak off to have a coffee in the warmth of nearby pizza restaurant Sofia's!

Some members had the forethought to bring flasks of hot tea and coffee, while others ventured to the coffee vans nearby. Each car attending was given a \$20 voucher by a Thai food van. It was a thank you from the event organizers for participating. Spring rolls, satays, fish cakes and curries were a welcome warm up as we shivered away the last 2 hours.

THE VILLAGE BAXTER CLUB DISPLAY

The Village Baxter is our annual event we all look forward to. The craft and bric-a-brac stores always have treasures and bargains to find. Plants, Devonshire tea's and the sausage sizzle are a popular destination too.

Most members took off in all directions to explore the retirement village, and some visited the Open Day unit displays. For those members dreaming of a life without home maintenance... it is a 7 year waiting list!

We were glad to have a sunny warm day, and members enjoyed basking on the deckchairs in the sun! Members did a parade around the village on our departure.
